

Our Mission:

Helping spiritually-confused people become passionate Christ followers.

Why Are We Here?:

We consider it God's directive for us to establish and grow a culturally relevant, evangelical church in Plymouth, Wisconsin, that will connect with a regional population of people who are disconnected spiritually and do not have a church family. It is our desire to help them on their spiritual journey to meet Christ and become wholehearted followers and become a part of the NLCC church family! We are also a church that is involved in a broader movement of church planting.

A copy of the weekly messages may be requested on CD. Contact Lisa at the church office or write "today's CD requested" on your weekly Communication Card.

The weekly messages, this newsletter and other valuable information can be viewed or downloaded from our website. Check it out!
