**Our mission:** Helping spiritually confused people become passionate Christ-followers

**Why are we here?** We consider it God's directive for us to establish and grow a culturally relevant, evangelical church in Plymouth, Wisconsin, that will connect with a regional population of people who are disconnected spiritually and do not have a church family. It is our desire to help them on their spiritual journey to meet Christ and become wholehearted followers and become a part of the NLCC church family! We are also a church that is involved in a broader movement of church planting.
